

From: Agriculture Commissioner Sid Miller (TX)

Date: December 26, 2019

Subject: Sometimes, Doing the Right Thing is Easy

To Whom It May Concern,

My family has been farming and ranching for eight generations – we know a little something about working hard, taking care of our family, being good Christians, and loving the American way of life. As a former member of the Texas House of Representatives and now as the 12th Commissioner of Agriculture for the State of Texas, I know a few things about elections, politics and public policy – and the importance of doing the right thing!

That last bit, is exactly why I'm writing this letter. You see, I met Sam through a mutual friend, and we sat down for lunch when I visited your beautiful State during the 2019 National Finals Rodeo. When I met Sam face-to-face, and started talking with him, I recognized immediately he was not just another politician begging for money or pandering for an endorsement. I knew right away, Sam is a Statesman. He's a gentleman that is eager to listen, learn, prepare and push for what is right for those he will represent. I know this because I've met the alternative, all too often.

You need look no further than Sam's military and business records to know he can get things done. But, its more than that. Sam, like me, believes in the freedoms provided to us by God and the Constitution, he believes in individual liberties and he believes the best days for America, Nevada and the people that make up our tapestry are in front of us. And It's my belief, Retired Air Force Major Sam Peters is the one to lead Nevada's 4th so those better days will be realized.

If you've never met Sam – seek him out – you will be impressed and glad you did. Like I did, you will realize right away he understands our country was founded by "We the People...", not on politicians looking out for themselves through special interests.

I fully believe Sam is your man! He will bring integrity back to our House of Representatives, he will deliver precise leadership and principled representation. I am fully endorsing Sam Peters for Congress in 2020 and encourage you to do the same. Our country needs more people like Sam to stand up, and I'm proud to stand with him in this fight for conservative values.

And by the way, standing up to do what Sam is doing is costly. Consider joining me with your own endorsement by contributing to Sam's campaign – it too, is the right thing to do.

Sincerely,

Sid Miller

Commissioner, TX Department of Agriculture
